LOVE THE GAME

MIAMI

THERE IS A NEW PLAYER ON THE TOUR. DEVELOPED TO THE HIGHEST STANDARDS, USING THE LATEST TECHNOLOGY, THE DUNLOP BALL IS NOW THE OFFICIAL BALL OF THE ATP TOUR – THE CENTRE OF WORLD TENNIS.

#THEBALLONTOUR

WWW.DUNLOPSPORTS.COM

ATP TOUR OFFICIAL BALL

miami open presented by Itaú

*BASED ON DUNLOP SUPPLYING TENNIS BALLS TO MORE ATP TOUR TOURNAMENTS THAN ANY OTHER BRAND.

LOVE THE GAME

THERE'S A BALL FOR EVERY PLAYER

TOURNAMENT

Developed to the highest standards, using the most premium materials and latest technology. The ball for elite tournaments and players who demand the very best from a tennis ball.

CLUB

For everyday club players who demand the very best from a tennis ball, but without the premium cost.

HD CORE

A high-specification, re-mastered and re-engineered version of the classic Dunlop Fort Core.

HD PRO CLOTH

Ultra-high specification, ultra visible cloth technology for the world's elite tournaments and players.

BEGINNER

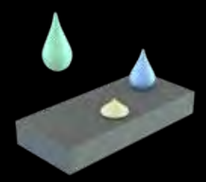
With more bounce, these balls are perfect for young or new players. Ideal for a more fun and enjoyable game.

RECREATIONAL

Ideal for social tennis players or new players who want a value-for-money ball.

TRAINING

Pressureless tennis balls give a long-lasting, premium feel. So players can hit them again and again and again.

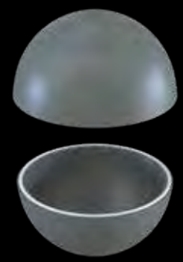


MATERIALS

We use only the purest natural rubber. Then we add our secret recipe and blend to create the final compound.

CORES

We extrude and measure individual 'blanks'. All under the strictest conditions.



ADHESIVE

We use controlled pressure and temperature to mould 'blanks' into half shells. Then we add adhesive to the edge of each half shell.

CLOTH

We bond the rubber core to an extremely durable cloth fabric, which consists of the finest natural wool blended with nylon. This gives the ball optimum visability and consistant playing characteristics.

DUNLOP

FABRIC OF THE GAME

FOR PLAYERS ALL OVER THE WORLD, THIS IS THE VERY CORE OF EVERY GAME. WHEREVER YOU PLAY, HOWEVER YOU TRAIN, WHOEVER YOU COACH. ONE THING UNDERPINS IT ALL, THE DUNLOP TENNIS BALL. OBSESSIVELY CRAFTED, METICULOUSLY ENGINEERED, OFFICIALLY ENDORSED.

MAX GLO FELT

601348

ITF Approved · Approved By USTA

STAGE 1 GREEN

3 BALL PET

A great ball for beginners. With an internal pressure 25% lower than a standard tennis ball, developing players can hit harder shots while still controlling the ball.

3 BALL **601338**

12 PACK

STAGE 2 ORANGE

3 BALL PET

A great ball for beginners. With an internal pressure 50% lower than a standard tennis ball, developing players can hit even harder shots while still controlling the ball.

601339

STAGE 3 RED

3 BALL POLYBAG

If you've never played tennis before, this is the ball for you. The larger ball flies through the air slower, while the pressure less construction means absolute beginners can hit hard shots without the fear of hitting the ball out of the court.

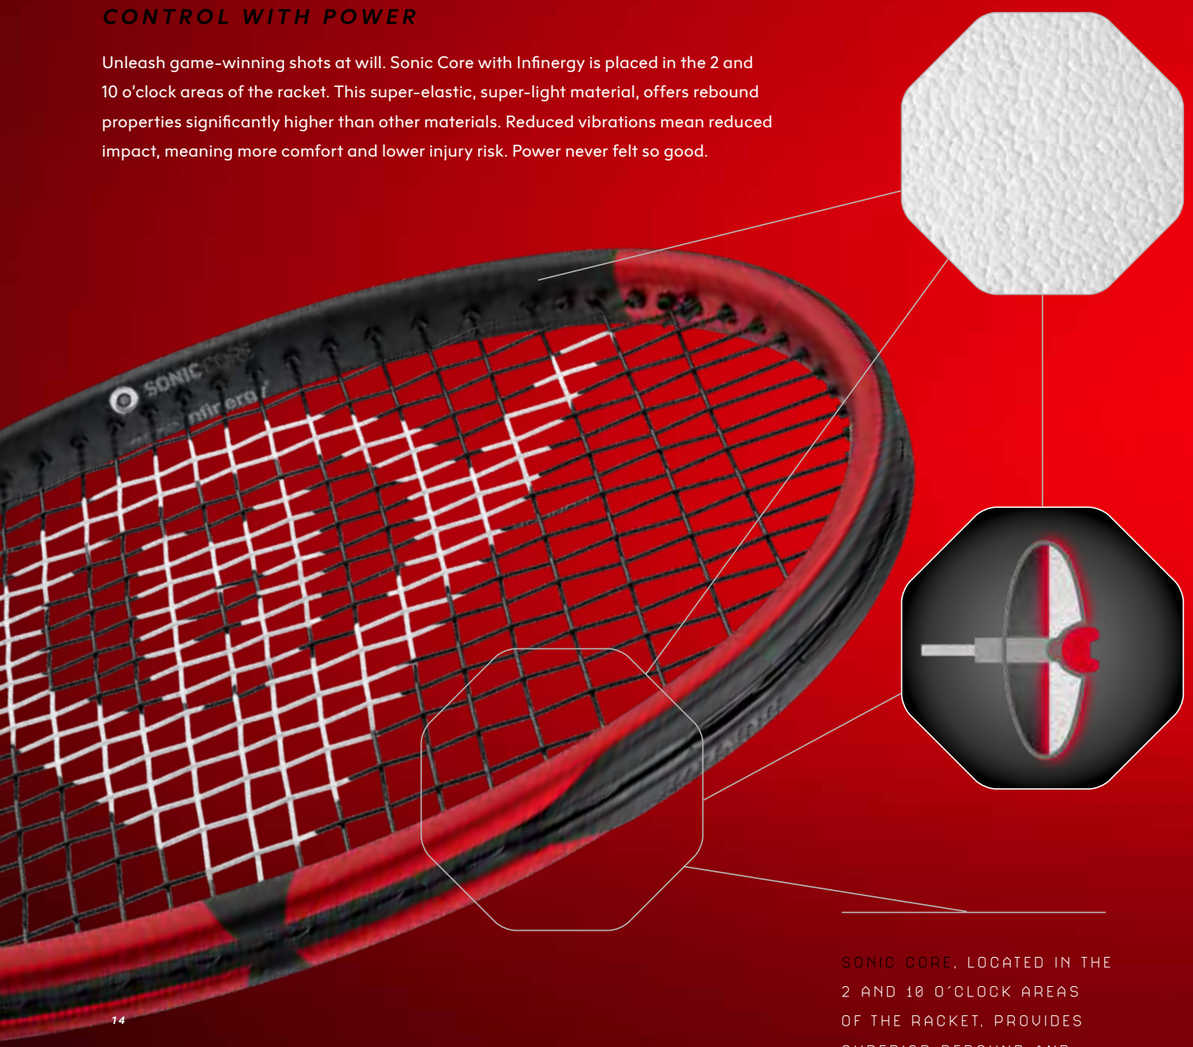
CONTROL THE GAME

SONIC CORE™ MADE WITH Infinergy® BY BASF

CONTROL WITH POWER

Unleash game-winning shots at will. Sonic Core with Infinergy is placed in the 2 and 10 o'clock areas of the racket. This super-elastic, super-light material, offers rebound properties significantly higher than other materials. Reduced vibrations mean reduced impact, meaning more comfort and lower injury risk. Power never felt so good.



SONIC CORE, LOCATED IN THE 2 AND 10 O'CLOCK AREAS OF THE RACKET, PROVIDES SUPERIOR REBOUND AND DAMPING PROPERTIES

POWERGRID STRINGTECH

CONTROL WITH EASE

Hit every type of shot with refined control and comfort. A re-designed string bed that's larger across the main and cross strings, gives you more even power distribution, particularly at the top of the racket. While great string movement generates more power and spin. Put total control in the palm of your hand.

WIDER MAIN AND DENSER CROSS STRINGS MEANS MORE CONTROL

WIDER MAIN AND CROSS STRINGS MEANS MORE POWER AND SPIN

30% LARGER SWEET SPOT MEANS MORE EVEN POWER DISTRIBUTION

FLEX BOOSTER

CONTROL WITH COMFORT

Ease into a new level of control. Play with a softer, more flexible racket feel, thanks to FLEX BOOSTER. This high-elasticity, vibration-damping layer in the shaft area, filters out vibrations, giving players a less stiff, more flexible feeling. So you get the comfort to stay in control of every shot you hit.

VIBRATION DAMPING LAYER IN SHAFT

REPEAT SHOT AFTER SHOT IN COMFORT WITH FLEX BOOSTER TECHNOLOGY

TO ALL THOSE WHO DREAM OF GLORY, HEAR WHAT WE SAY.

FOR MORE THAN ONE HUNDRED YEARS, WE HAVE LIVED BY ONE SINGLE STORY.

THE LOVE OF THE GAME.

THE GAME THAT MAKES YOU. THE GAME THAT SUSTAINS YOU.

FEEL EVERY SHOT. CHASE EVERY POINT. OWN EVERY MATCH.

RESPECT ANY RIVAL AND EMBRACE ANY RESULT.

HOWEVER YOU FEEL IT, THE GLORY OF THE GAME NEVER LEAVES YOU.

BEYOND THE PURSUIT OF TROPHIES.

WHENEVER YOU TRAIN, WHEREVER YOU PLAY, HOWEVER YOU WATCH.

ONE PASSION UNITES US ALL.

THE LOVE OF THE GAME.
